

# How To Submit An Abstract To An Event

MAX-PLANCK-GESELLSCHAFT

## The Max Planck Society supports open access publishing with Frontiers

Frontiers and the Max Planck Society have signed a funding agreement to support their affiliated authors who submit research papers to all Frontiers journals. All publication charges for research articles submitted by authors affiliated with any Max Planck Institute will be directly and fully funded by the Max Planck Society. See the press release.

### File Upload Information

You are now ready to upload all files related to your abstract.

The entire size of your submission should not exceed 100 MB.

Please contact an editorial assistant at Frontiers ([editorial.office@frontiersin.org](mailto:editorial.office@frontiersin.org)), if your submission exceeds this size.

Please upload the files in the following order:

#### For Article Submission only

1. Manuscript (a source (doc, docx or tex) and a pdf version of the manuscript are necessary)

#### For Article and Event Abstract Submission

2. Figures (if applicable)

3. Tables (if applicable)

4. Movies (if applicable)

5. Presentations (if applicable)

6. Data Sheets (if applicable)

7. Related Articles (if applicable)

### Figure Upload

Figures files are required to be either EPS, TIF/TIFF, JPG in RGB color mode.

We prefer EPS. The minimum image file resolution should be 800 dpi, Combination (Line Art + Halftone) 600 dpi, Halftone 300 dpi.

### Supplementary Data / Multimedia Upload

Please upload any supplemental data for your abstract.

Presently we accept movies, presentations, data sheets and related articles (PDF).

When resubmitting, please consider:

**Replace:** this is the standard option to upload a new version of an existing file. The old version will remain available in View Manuscript. Please note that the file format cannot be modified. If you are replacing the manuscript, please replace both the doc/docx latex file AND the pdf version.

**Upload files:** this function is only to be used if you are adding a new file to the submission (e.g. adding a fifth figure to an article that had only four).

**Remove:** this function is only to be used if an existing file should no longer be part of the submission.
